About the Director

Steve is a former professional, Jr. "A" and University goaltender. He has won numerous awards for goaltending excellence including a League MVP award in Jr. "A" and a selection to the All Canadian Team while playing for Saint Mary's University. He was also invited to participate in the Canadian Olympic Hockey Program.

Steve is one of the most experienced goalie coaches in North America. He has coached with the Oshawa Generals and the York University Lions as well as with numerous Jr."A" teams. Many goalie instructors in the G.T.A. and beyond were coached by Steve. For the past five years, Steve has served on the O.H.L. Goaltending Advisory Board that conducts development camps for OHL prospects and recently drafted goalies. The Board works to improve goalie coaching in the province.

Steve has also been the guest goaltending instructor for the Maple Leafs Coaching Clinic at the Air Canada Centre for the past two years. This year, over 3,500 people watched his presentation of goalie drills. Steve has also conducted a coaching and goalie clinic for Hockey Canada and the International Ice Hockey Federation in conjunction with the World Jr. Tournament in Toronto.

Steve ran his first goalie camp in 1972 and he has designed goaltending programs for some of the biggest hockey schools in the country. Included in this list are Huron Hockey School, Can/Am Hockey School and the Okanagan Hockey School in British Columbia. Besides running his own goalie school in Aurora, Steve is also a consultant for the Toronto Maple Leafs Hockey School at the Air Canada and Master Card Centres. Finally, Steve recently retired from Crescent School in Toronto where, during his 38 year career, he taught over 35,000 classes. You can be assured that when you entrust the coaching of your goaltender to Steve, you are getting one of the most experienced teachers and goalie coaches in North America.
